# Collaborative presentation software for modern teams

Design professional slides, collaborate  
with your team, and deliver visually  
engaging presentations for free anytime,  
anywhere on any device.

**CREATE PRESENTATION**

The screenshot shows a presentation slide titled "Social Media Strategy" in large white font. The slide has a textured orange background and features a green, pine-needle-like graphic on the right side. The Zoho Show interface is visible, including a sidebar with slide thumbnails (3, 4, 5, 6, 7) and a "Background" panel on the right. The "Background" panel includes options for "Fill" (Follow Layout), "Slide Footer" (Show Slide Number, Footer Message, Date), and "Options" (Hide Slide During Slideshow, Lock Slide(s) From Editing). The status bar at the bottom shows "1 / 1 Slides" and "Normal View".

“  
The Unsung Hero  
of Presentation  
Tools

Over the years I've  
created hundreds of  
training presentations  
and built many client  
proposals using Zoho  
Show and it's so easy  
to use. I've used Show  
live on stage, in the  
classroom and during  
remote sessions and  
it's never let me down.
